Real Names of Indians.

W. L. HALLONOUIST

FULL WEIGHT The Indians have a neat way of fixing it. This Rain-in-the-Face, Spotted Trail, Man-Afraid-of-His-Horses, is good enough to palm off on the whites, PURE but each Indian has another name the whites never hear. First he is named after his mother's gens or family. There are only half a dozen each. Snake, Wolf, Turtle, Bear, Eagle and so on. You remember how, in "The Last of the Mahisans" the young Del. Last of the Mohicans," the young Del-aware chief was found to have a tor-toise tattooed on his breast, that gave his family. He was a Turtle, just as the bulk of the Scotch are divided into a few clans, the Stewarts, Campbells, Camerons, McGregors and others. To the Indian's family name s attached another, but it would be bad medicine to have it spoken out side the family circle, and give some of his enemies a chance to work spells and hoodoo him. The Spotted Tail business is a nom de chasse, de guerre, r de tooi, which gets hitched on in t Very Old Maine Law
